

# Applicator Approval Certificate

## What this Certificate Confirms.

Original Stone approves the applicator to apply SUMNER System products.

## Limitations.

- Certificate duration is for a maximum of 2 years, see also expiry date below.
- If installer is not employed directly by Original Stone, but is a sub contractor then the relevant checklists need to be completed for every installation. Refer **Cavity Checklist** and **Ironwork Checklist** on our website under downloads.
- Installations are limited to the region of operation at the bottom of this certificate.
- This does not authorize LBP work (ie cavity or substrate installation).

## Certificate Usage?

Primary uses are...

- a) To validate SUMNER Full System Warranty.
- b) As a resource certificate to be sent to council in CCC applications.

## How Long Does this Certificate Last?

2 years from the date of authorization

## How Apply or Reapply?

1. Phone 0800 157 340 anywhere in New Zealand between 9am and 5pm weekdays.
2. Requirements will be discussed if we are licensing in your geographical region.
